STOCKHOLM TIMBER CLAD SLIDING DOOR CYCLE COMPOUND

Blends seamlessly into all situations

Semi vertical bike rack option

Optional Perspex Sliding access door for space saving

Our **ELK Stockholm cycle shelter** creates a modern yet natural look and feel to your environment. The wooden exterior makes this bike shelter an ideal choice for those of you looking for an environmentally sustainable cycle parking option. The shelter can also be used as a pram shelter or a parent waiting shelter. Our wooden Cycle shelters are made by us in our factory to order so if you have a preference for a particular type of wood, let us know. The shelter is fabricated from mild steel and is supplied hot dipped galvanised, but can also be polyester powder coated to RAL colour of your choice, or a combination of both for extra durability

Free no obligation quotation

Should you require any further information on colours or other general enquiries please call the sales line or send us a quick email, or visit the website.
